LIFELINE

June 2017

(Someone to talk to....who understands)

Greetings to all the members and supporters of the Harvey Floyd Chapter of Us TOO .

Our support group vision is: *"To provide the highest level of leadership, compassion and promotion of an enhanced understanding of prostate cancer while improving the quality of life for survivors, their families and men at risk through proactive programs and positions".*

National Cancer Survivors Day

National Cancer Survivors Day® is an annual, treasured Celebration of Life that is held in hundreds of communities nationwide, and around the world, on the first Sunday in June. It is a CELEBRATION for those who have survived, an INSPIRATION for those recently diagnosed, a gathering of SUPPORT for families, and an OUTREACH to the community. On National Cancer Survivors Day®, thousands gather across the globe to honor cancer survivors and to show the world that life after a cancer diagnosis can be fruitful, rewarding, and even inspiring..

It is a day for everyone, whether you're a cancer survivor, a family member, friend, or medical professional. This day provides an opportunity for all people living with a history of cancer – including America's more than 15.5 million cancer survivors – to connect with each other, celebrate milestones, and recognize those who have supported them along the way. It is also a day to draw attention to the ongoing challenges of cancer survivorship in order to promote more resources, research, and survivor-friendly legislation to improve cancer survivors' quality of life.
