LIFELINE

November 2016

(Someone to talk to....who understands)

Greetings to all the members and supporters of the Harvey Floyd Chapter of Us TOO .

Our support group vision is: *"To provide the highest level of leadership, compassion and promotion of an enhanced understanding of prostate cancer while improving the quality of life for survivors, their families and men at risk through proactive programs and positions".*

"Ask Your Urologist"

One of the most important things you can do during a doctor's appointment is to ask questions. Many people have trouble speaking up or are afraid of questioning their doctor's authority. It's important that conversations about your health be a two-way dialogue between you and your urologist. By asking questions, you can get vital information needed to treat your disease.

For those who have been diagnosed with Prostate Cancer, meeting with your urologist can be very intimidating. You may feel overwhelmed and may likely forget to ask the questions that are important. It is very important to know what questions to ask before you arrive. Also it is a good idea to take notes or have someone accompany you to take notes. Further, don't be afraid to ask your doctor to repeat the answer, if you don't understand.

Our November meeting will give you an opportunity to ask some of these questions.

The speakers for our November Support Group meetings will be Dr. Sam Sterrett and Dr. David Rice of Greenville - Palmetto Urology. Our topic will be "Ask Your Urologist". **We ask that you come with prepared questions for our panel. We also ask that your questions be Prostate Cancer related.** We look forward to seeing you on Monday, November 7th at 7:00 p.m.

<u>Upcoming Outreach Events</u>	<u>Upcoming Meetings</u>	<u>Special Thanks</u>
