← **LIFELINE** →

April 2020

(Someone to talk to....who understands)

Greetings to all the members and supporters of the Harvey Floyd Chapter of Us TOO .

**Our support group vision is:** *“To provide the highest level of leadership, compassion and promotion of an enhanced understanding of prostate cancer while improving the quality of life for survivors, their families and men at risk through proactive programs and positions”.*

## Reminder: Support Group meetings suspended until further notice

As you may already be aware, due to the COVID-19 outbreak the Greenville SC Us TOO Prostate Cancer Support Group meetings have been suspended until further notice.

We remind those patients currently in treatment, or have treatments coming up, to inquire with their provider and healthcare team as to how these recent events will impact their treatment program.

Prostate cancer is a very individualized disease, and every patient’s treatment program is unique. Therefore, each patient and his provider should determine if any changes should be made during this crisis.

We encourage everyone to follow the guidelines recommended by our public health officials as to practicing Social Distancing and other safety precautions.

We are looking forward to resuming our monthly meeting as soon as it is safe to do so.

In the meantime, please adhere to the CDC recommendations. Click this link:
