July 2020

(Someone to talk to....who understands)

Greetings to all the members and supporters of the Harvey Floyd Chapter of Us TOO .

Our support group vision is: *“To provide the highest level of leadership, compassion and promotion of an enhanced understanding of prostate cancer while improving the quality of life for survivors, their families and men at risk through proactive programs and positions”.*

Virtual Support Group Meetings

Greetings Us TOO Members, Friends and Supporters. We sincerely hope you are being safe as we navigate through the challenges presented by Covid-19. As prostate cancer survivors we have an increased risk if infected with the Corona Virus. Therefore it goes without saying that we must continue practicing the safety guidelines recommended by the CDC. With that being said it is also important for us to continue our business as a support group as best we can.

Our Leadership Team has decided that we will experiment with virtual meetings beginning in September until it is safe to return to our face to face meeting. Many Us TOO groups across the country are already using ZOOM with great success. The decision to go virtual was made based on the feedback we received from our membership. From the initial survey we received 20 responses. There was only one vote against the online meetings. The 20 responses represent less than 25% of our membership. We would like to hear from the reminder of our members.

You may call or text me @ 864-616-0923 or email me at johnnyRpayne@charter.net.

We have 30 members who are not on email and are receiving this hard copy letter. We certainly hope that these members can be included in our online meetings. Those members without access to a computer will be able to participate on their smart phone or tablet device. If you are interested in participating please let me know and we will help get you set up. **More details to follow.** Have a happy 4th of July and stay safe!
